A few budget opportunities:

-what we have done in the past doesn't mean we can just continue to do that.

-one of our main cost expense lines is the school - modify our usage - and possibly a giving campaign where we prayerfully ask families to cover the costs of a Sunday - which would be above and beyond a tithe

-Setting the budget to break even, which means we are looking at other line items. Our people and compensation are not on the table. address the Julie elephant - please be praying about how we fill her shoes.

-Tithe - 9 different Ministries - Allocation of our tithe.

Parade of Ministries - idea.

To Do:

- whose names are on accounts? And how do we remove and add authorized users...not priority today.
- school meeting - Joe reached out Julie.
- transaction details for ministry expenses - we need to talk to Kim
- JP - Update Budget
